

Dear Coaches and Advisors,

March 1, 2016

Happy 2016!! I can't believe summer will be here in just 3 months! So much to do. My schedule for summer choreography is filling up VERY fast so I wanted to get an email out to you all to say CALL ME ASAP if you want me to work with your teams again!! Below are my NEW 2016 prices. They are not much different from 2015, but there are some slight changes.

#### Prices

##### All-Star

1 – 2 routines	\$3500 per routine
3 – 4 routines	\$3000 per routine
5+	\$2500 per routine

##### School

1 routine	\$3000 per routine
2 routines	\$2700 per routine
3+ routines	\$2500 per routine

##### Youth

1 routine	\$2000 per routine
2 routines	\$1500 per routine
3+ routines	\$1000 per routine

Prices do not include music. You are responsible for finding your own music producer and filling out the count sheets for the music producer you chose. (Prices range from \$500 - \$1500 per piece of music. I can suggest some people for you).

You are also responsible for Hotel, Travel (flights or mileage of \$.55 per mile to drive), Rental Car (if needed) and a \$30 a day Meal Stipend.

Routines take between 10 – 12 hours to choreograph. I like working in 4 hour increments with an hour break after each session. I can do an entire routine in a day, but that is not a great option for the athletes especially if they are youth age or younger and/or less experienced.

I require that every athlete is present. If someone needs to miss you need to replace them with another athlete for choreography purposes only. I do not need them to be of the same talent level.

## Other Options

If you are finding my prices are a little out of your price range I do have other ideas for you!

1. I can get you another, less experienced choreographer to help you. This will take an average of \$500 of each of my prices I have listed above. Prices will vary and we will need to discuss this together so you are happy.
2. You can choreograph the routine yourself and have me come in for a “spruce-up” session. The cost of this is \$150 per hour and you must book at least 4 hours.
3. You can also have me do just sections of your routine. These also need to be 4 hour sessions. The prices are as follows.

Dance Section	\$800
Pyramid Section	\$800
Stunt Sections	\$800
Tumbling/Jump Sections	\$800
Transitions, Motions, etc.	\$800

All of the above do not include music and you are also responsible for Hotel, Travel (flights or mileage of \$.55 per mile to drive), Rental Car (if needed) and a \$30 a day Meal Stipend.

As of right now my June is completely full and July has a couple dates open that I have tentatively put some of you in. August is pretty good and September, October is wide open. But I am already getting emails from new programs, so I want to book you all first.

I will start letting new programs book with me starting April 1, so PLEASE CALL ASAP!!

All programs (new and old) will need to fill out a Spirit Spectacular Camp and Choreography Request Form and send in a 10% non-refundable deposit before I can confirm you in my calendar. I know for some this will be a hassle, but I had a couple teams last year cancel last minute which really put a kink in my budget. I am sure you all understand. The request form is online at [www.spiritspec.com](http://www.spiritspec.com) or you can email me for one.

I hope you all having a great year so far. Thank you to all of you that are sending me videos to critique and having me come back to help you. I love seeing the kids and making the routines even better!!

Cheers!
